

Supplementary Material

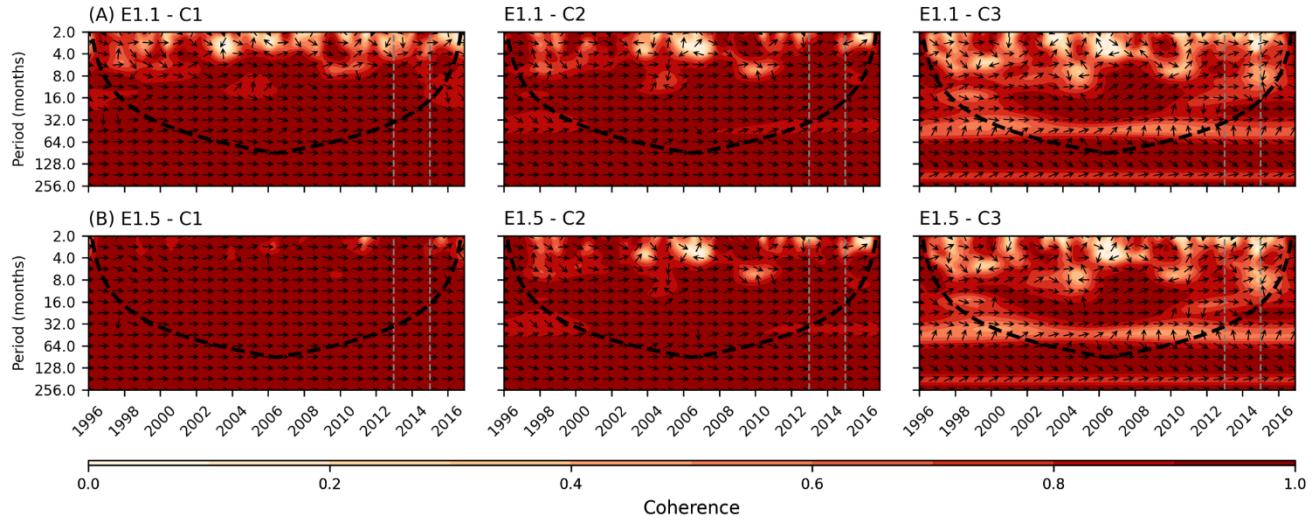

Supplementary Figure 1. Regionally averaged pr_a , ET_a , θ_a and wtd_a time series for the wtd categories C1 to C3 in different PRUDENCE regions.

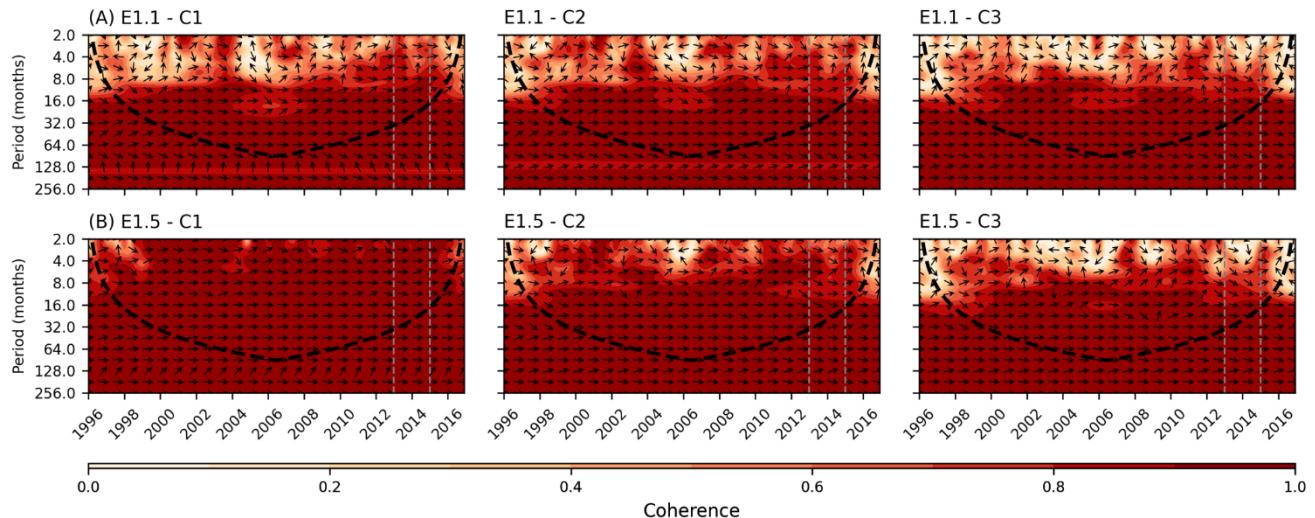

Supplementary Figure 2. European wtd_a maps for August 2015 (i.e., in the testing period), derived from (A) the TSMP-G2A data set and (B) results from the LSTM networks of E1.1 (pr_a).

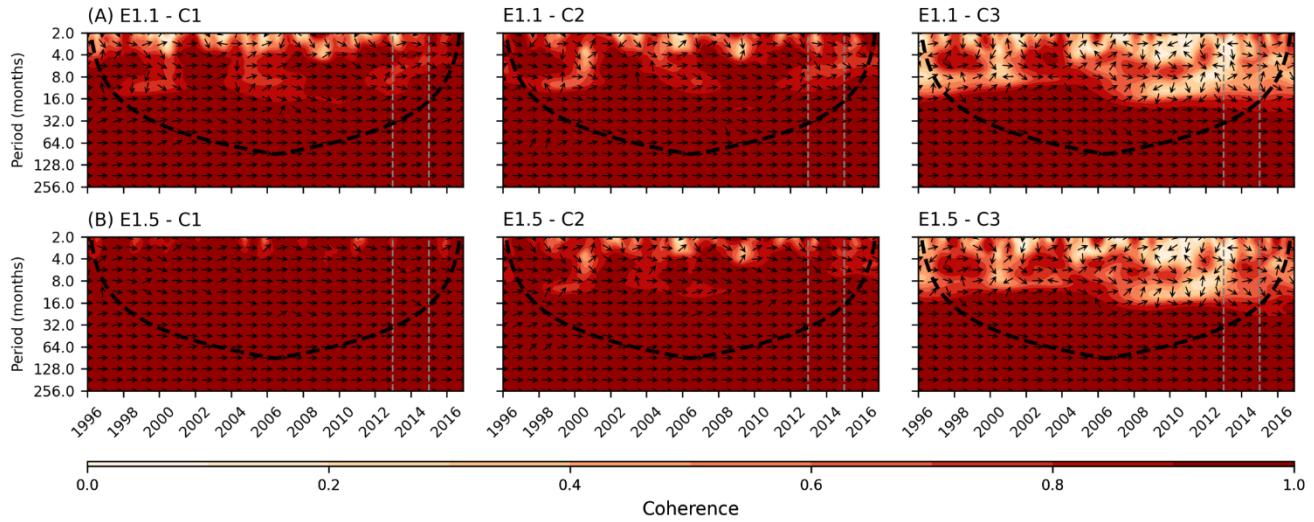

Supplementary Figure 3. Results of wavelet coherence analysis on the regionally averaged wtd_a time series for the wtd categories C1 to C3 in SC, which were derived from the TSMP-G2A data set and the results of the LSTM networks of: (A) E1.1: pr_a ; and (B) E1.5: pr_a and θ_a .

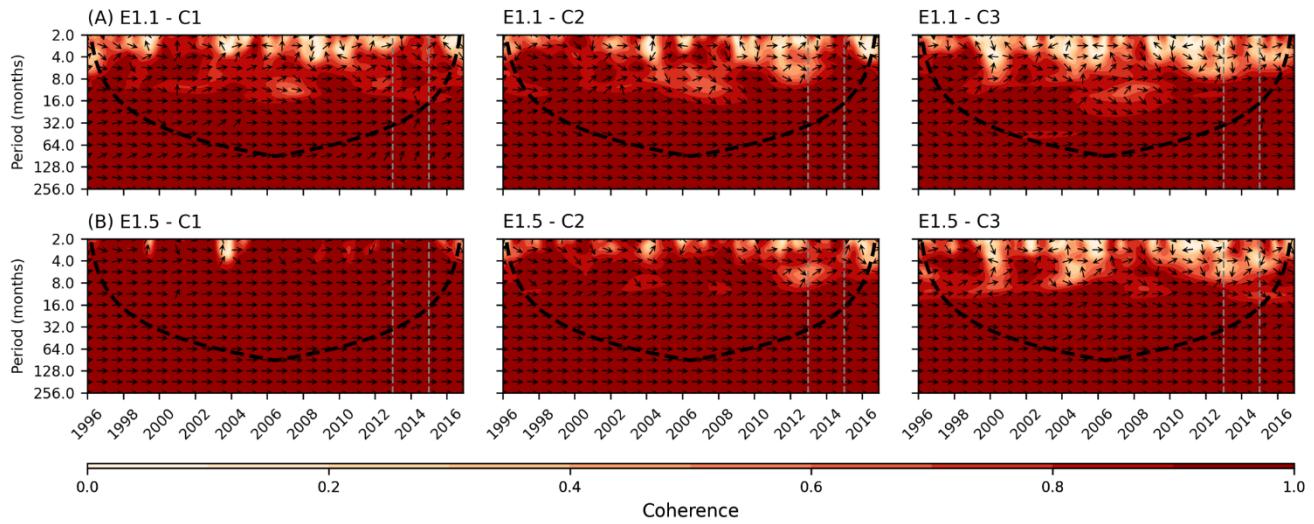

Supplementary Figure 4. Results of wavelet coherence analysis on the regionally averaged wtd_a time series for the wtd categories C1 to C3 in BI, which were derived from the TSMP-G2A data set and the results of the LSTM networks of: (A) E1.1: pr_a ; and (B) E1.5: pr_a and θ_a .

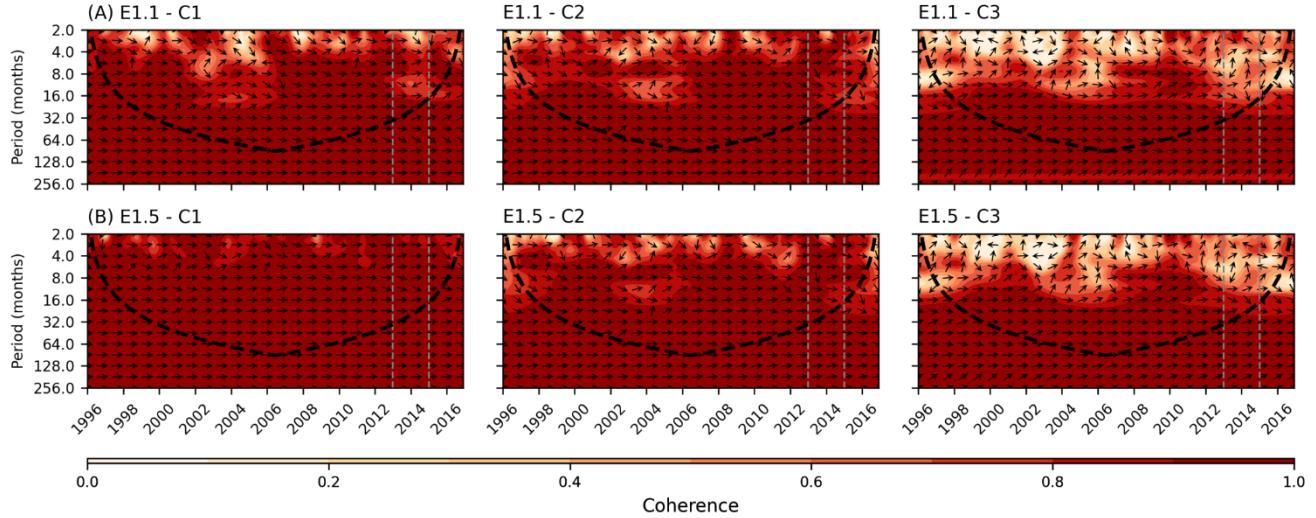

Supplementary Figure 5. Results of wavelet coherence analysis on the regionally averaged wtd_a time series for the wtd categories C1 to C3 in EA, which were derived from the TSMP-G2A data set and the results of the LSTM networks of: (A) E1.1: pr_a ; and (B) E1.5: pr_a and θ_a .

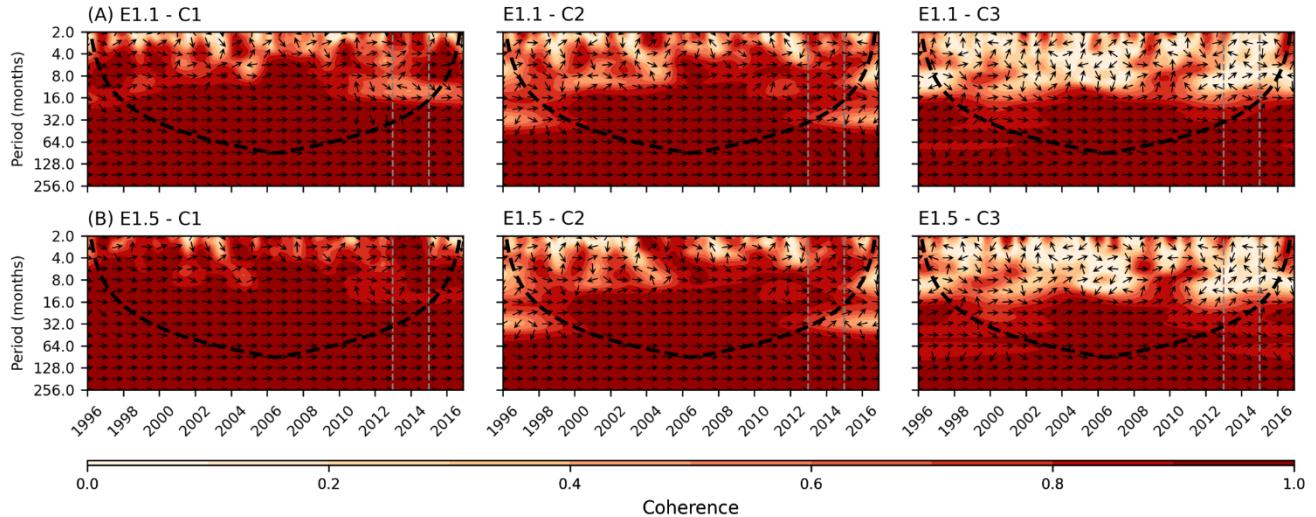

Supplementary Figure 6. Results of wavelet coherence analysis on the regionally averaged wtd_a time series for the wtd categories C1 to C3 in FR, which were derived from the TSMP-G2A data set and the results of the LSTM networks of: (A) E1.1: pr_a ; and (B) E1.5: pr_a and θ_a .

Supplementary Figure 7. Results of wavelet coherence analysis on the regionally averaged wtd_a time series for the wtd categories C1 to C3 in AL, which were derived from the TSMP-G2A data set and the results of the LSTM networks of: (A) E1.1: pr_a ; and (B) E1.5: pr_a and θ_a .

Supplementary Figure 8. Results of wavelet coherence analysis on the regionally averaged wtd_a time series for the wtd categories C1 to C3 in IB, which were derived from the TSMP-G2A data set and the results of the LSTM networks of: (A) E1.1: pr_a ; and (B) E1.5: pr_a and θ_a .

Supplementary Figure 9. Results of wavelet coherence analysis on the regionally averaged wtd_a time series for the wtd categories C1 to C3 in MD, which were derived from the TSMP-G2A data set and the results of the LSTM networks of: (A) E1.1: pr_a ; and (B) E1.5: pr_a and θ_a .

Supplementary Table 1. Medians of the test R² and RMSEs achieved in different experiments for C1 to C3 in each PRUDENCE region (set negative R² as zeros).

| | Test R ² [%] | | | Test RMSE [-] | | |
