A Corrigendum on

Nonlinear Oxidation Behavior in Pure Ni and Ni-Containing Entropic Alloys

Xia, S., Lousada, C. M., Mao, H., Maier, A. C., Korzhavyi, P. A., Sandström, R., et al. (2018). *Front. Mater.* 5:53. doi: 10.3389/fmats.2018.00053

In the original article, there was an error. An explanation should be inserted at the beginning of the section Thermodynamic Calculations, Paragraph 1, line 1:

In this as well as the following paragraphs the authors refer to phases such as halite, spinel, corundum etc. It thereby solely referred to the structure type and not the respective mineral.

In the original article, there was an error. The word “sfinancial” should be corrected to “financial” in the Acknowledgements section, Paragraph 1:

The Carl Tryggers Stiftelse för Vetenskaplig Forskning is gratefully acknowledged for financial support.

The authors apologize for these errors and state that they do not change the scientific conclusions of the article in any way. The original article has been updated.

Conflict of Interest Statement: The authors declare that the research was conducted in the absence of any commercial or financial relationships that could be construed as a potential conflict of interest.
