Specialty section:
This article was submitted to
Neural Technology,
a section of the journal
Frontiers in Neuroscience

Received: 17 July 2015

Accepted: 17 July 2015

Published: 29 July 2015

Citation:
Frontiers Production Office (2015)
Erratum: *In vivo* comparison of the
charge densities required to evoke
motor responses using novel annular
penetrating microelectrodes.
Front. Neurosci. 9:271.
doi: 10.3389/fnins.2015.00271

Reason for Erratum:

Due to a production error the article was erroneously published in Frontiers in Neuroengineering, instead of Frontiers in Neuroscience. This mistake does not change the scientific conclusions of the article in any way and the publisher apologizes for the error.

Old citation:

In vivo comparison of the charge densities required to evoke motor responses using novel annular penetrating microelectrodes by Brunton EK, Winther-Jensen B, Wang C, Yan EB, Hagh Gooie S, Lowery AJ, and Rajan R (2015). *Front. Neuroeng.* 8:5. doi: 10.3389/fneng.2015.00005

The original article has been updated.
