hearing loss, tympanoplasty, ossiculoplasty, stapesplasty, middle ear reconstruction, anatomical variability, sound conduction

A corrigendum on

Middle ear anatomy and implant sizes: correlates and the need for uniform implant dimensions

by Lenarz, T., Becker, M., Warnecke, A., Gieseemann, A., Prenzler, N. K., Steinhardt, U., and Schurzig, D. (2024). *Front. Audiol. Otol.* 2:1418921. doi: 10.3389/fauot.2024.1418921

In the published article, there was an error in the Funding statement. A funding source is missing in the current version of the article. The original funding statement is: “The author(s) declare financial support was received for the research, authorship, and/or publication of this article. The study was supported by Deutsche Forschungsgemeinschaft (DFG Exc 2177).” The correct Funding statement appears below.

Funding

The author(s) declare that financial support was received for the research, authorship, and/or publication of this article. The study was supported by Deutsche Forschungsgemeinschaft (DFG Exc 2177). Publication of this manuscript was supported by “Zukunft.Niedersachsen” through the publication fund “NiedersachsenOPEN.”

The authors apologize for this error and state that this does not change the scientific conclusions of the article in any way. The original article has been updated.
