## KEYWORDS

graphene-based materials, bone, cartilage, tissue engineering, nanobiocatalysis

## A Corrigendum on Progress of research on Graphene and its derivatives in bone and cartilage repair

by Yu S, You M, Zhou K and Li J (2023). *Front. Bioeng. Biotechnol.* 11:1185520. doi: 10.3389/fbioe.2023.1185520

In the published article, there was a mistake in the **Corresponding Author** annotation. The corresponding author annotation displayed both “Jian Li and Kai Zhou” as corresponding authors. However, “Kai Zhou” should be the only corresponding author for the article.

The authors apologize for this error and state that this does not change the scientific conclusions of the article in any way. The original article has been updated.
