KEYWORDS

metabolism, metabolic pathways, drug discovery, cell fate, metabolomics

A Corrigendum on Editorial: Metabolic modulation of cellular function

by Kakhlon O, Saada A and Escriba PV (2024). *Front. Cell Dev. Biol.* 12:1395922. doi: 10.3389/fcell.2024.1395922

In the published article, there was an error in the **Affiliation** list. Instead of “¹Hadassah Medical Center, Jerusalem, Israel, ²University of the Balearic Islands”, it should be:

“¹Department of Neurology, The Anger Ginges Center for Human Neurogenetics, Hadassah-Hebrew University Medical Center, Jerusalem, Israel

²Faculty of Medicine, Hebrew University of Jerusalem, Jerusalem, Israel

³Department of Genetic and Metabolic Diseases, Hadassah-Hebrew University Medical Center, Jerusalem, Israel

⁴Laminar Pharmaceuticals, Palma de Mallorca, Spain

⁵Department of Biology, University of the Balearic Islands, Palma de Mallorca, Spain.”

In the published article there was an error in the **Conflict of interest** section. It was missing the mention of Laminar Pharmaceuticals. This should have been written as:

Conflict of interest

“Author PE was employed by Laminar Pharmaceuticals.

The remaining authors declare that the research was conducted in the absence of any commercial or financial relationships that could be construed as a potential conflict of interest.

The author(s) declared that they were an editorial board member of Frontiers, at the time of submission. This had no impact on the peer review process and the final decision.”

The authors apologize for this error and state that this does not change the scientific conclusions of the article in any way. The original article has been updated.
