KEYWORDS

climate change, common garden, ecological restoration, provenance, reciprocal transplant, reforestation, seed sourcing

A Corrigendum on:

Seed sourcing strategies for ecological restoration under climate change: A review of the current literature.

By Vitt P, Finch J, Barak RS, Braum A, Frischie S and Redlinski I (2022) *Front. Conserv. Sci.* 3:938110. doi: 10.3389/fcosc.2022.938110

In the published article, there were errors in Affiliations 6 and 7. The affiliations should be corrected as follows:

⁶*Pollinator Program, The Xerces Society for Invertebrate Conservation, Portland, OR, United States*

⁷*Resource Management, Forest Preserves of Cook County, River Forest, IL, United States*

The authors apologize for this error and state that this does not change the scientific conclusions of the article in any way. The original article has been updated.
