flood risk management, early warning systems (EWS), warning distribution and communication, preparedness, response capability, NGOs, Pakistan

A Corrigendum on

Community social barriers to non-technical aspects of flood early warning systems and NGO-led interventions: the case of Pakistan

by Shah AA, Ullah A, Khan NA, Khan A, Tariq MAUR and Xu C (2023). *Front. Earth Sci.* 11:1068721.
doi: [10.3389/feart.2023.1068721](https://doi.org/10.3389/feart.2023.1068721)

In the published article, there was an error which resulted in funding information being erroneously omitted. The correct **Funding** statement appears below.

“This research was funded by the National Key Research and Development Program of China (2021YFB3901205) and the China Postdoctoral Science Foundation (2023M730925).”

The authors apologize for this error and state that this does not change the scientific conclusions of the article in any way. The original article has been updated.
