A Corrigendum on

Discovery of the large-scale thrust nappe and its geological significance in the southwestern Santanghu fold-thrust belt, NW China

by Zhen Y, Xu X, He D, Li X and Li D (2023). *Front. Earth Sci.* 11:1259178. doi: 10.3389/feart.2023.1259178

In the published article, there was an error in the **Funding** statement which meant the joint project of PetroChina: Research on Carboniferous Petroleum Geological Conditions and Exploration Direction Selection in Tuha Exploration Area (2021DJ0306) was excluded from the statement. The correct **Funding** statement appears below.

“The authors declare financial support was received for the research, authorship, and/or publication of this article. This research was financially supported by the National Natural Science Foundation of China (42172124 and U19B6003), the joint project of PetroChina: Research on Carboniferous Petroleum Geological Conditions and Exploration Direction Selection in Tuha Exploration Area (2021DJ0306), and Research on Marine Devonian and Carboniferous Petroleum Geology in Northern Xinjiang (2022DJ0507).”

The authors apologize for this error and state that this does not change the scientific conclusions of the article in any way. The original article has been updated.
