KEYWORDS

wind energy harvesting technologies, doubly fed induction generator system, permanent magnet synchronous generator system, high-voltage power transmission systems, optimization-based wind farm control models

A Corrigendum on

Wind energy-harvesting technologies and recent research progresses in wind farm control models

by Desalegn B, Gebeyehu D, Tamrat B and Tadiwose T (2023). *Front. Energy Res.* 11:1124203. doi: 10.3389/fenrg.2023.1124203

In the original article, there was an error in **affiliation 3**. Instead of “Department of Mechanical Engineering, Faculty of Engineering, Addis Ababa University, Addis Ababa, Ethiopia”, it should be “Department of Physics, Addis Ababa University, Addis Ababa, Ethiopia”.

The authors apologize for this error and state that this does not change the scientific conclusions of the article in any way. The original article has been updated.
