Corrigendum: Mapping biodiversity and cultural values complemented with understanding of social dynamics provides effective means for addressing opportunities for nature conservation in a cultural landscape

Simona-Diana Morariu, Vlad Macicasan*, Cristian Valeriu Malos and Tibor Hartel

Department of Environmental Science, Faculty of Environmental Science and Engineering, Babeş-Bolyai University, Cluj-Napoca, Romania

KEYWORDS

protected area, participatory mapping, socio-cultural values, human-nature reconciliation, socio-ecological system

A Corrigendum on:

[Mapping biodiversity and cultural values complemented with understanding of social dynamics provides effective means for addressing opportunities for nature conservation in a cultural landscape](#)

by Morariu S-D, Macicasan V, Malos CV and Hartel T (2023). *Front. Environ. Sci.* 11:1112896. doi: [10.3389/fenvs.2023.1112896](#)

In the original article, there was an error in the **Funding** statement. The correct **Funding** statement appears below.

“S-DM was funded by a special scholarship for scientific activity offered by Babes Bolyai University. The contribution of TH and CVM was funded by the German Environmental Foundation, DBU. TH also acknowledges financial support from EU funded project EFFECT (Grant agreement N817903).”

The authors apologize for this error and state that this does not change the scientific conclusions of the article in any way. The original article has been updated.
