Retraction: A dynamic relationship between renewable energy consumption, non-renewable energy consumption, economic growth and CO² emissions: evidence from Asian emerging economies

Frontiers Editorial Office*

A Retraction of the Original Research Article

[A dynamic relationship between renewable energy consumption, non-renewable energy consumption, economic growth and CO₂ emissions: evidence from Asian emerging economies](#)

by Zhang T, Yin J, Li Z, Jin Y, Ali A and Jiang B (2023). *Front. Environ. Sci.* 10:1092196. doi: [10.3389/fenvs.2022.1092196](https://doi.org/10.3389/fenvs.2022.1092196)

The journal retracts the 2022 article cited above.

Following publication, concerns were raised regarding the contributions of the authors of the article. Our investigation, conducted in accordance with Frontiers policies, confirmed a serious breach of our authorship policies and of publication ethics; the article is therefore retracted.

This retraction was approved by the Chief Editors of Frontiers in Environmental Science and the Chief Executive Editor of Frontiers. The authors have not responded to correspondence regarding this retraction.
