In the original article, there was an error in the section **Experimental Procedures, Cell Culture and Treatments**, Paragraph 2. The incorrect guide RNA oligonucleotide sequences were given for GSDMD knockout in THP-1 cells: “GSDMD knockout THP-1 cells were lentivirally generated using guide RNA oligonucleotides sequence 5’-CACCGCTGCAAGCTGCCAGGTACC-3’ and 5’ AAACGGTACCTGGCCAGCTTGACG-3’ (22) by utilizing the lentiCRISPR v2 plasmid system. lentiCRISPR v2 was a gift from Feng Zhang (Addgene plasmid # 52961; <http://n2t.net/addgene:52961>; RRID : Addgene\_52961)”.

A correction has been made to the above sentence, as follows: “GSDMD knockout THP-1 cells were lentivirally generated using guide RNA oligonucleotide sequences 5’-CACCGACCAGCCTGC AGAGCTCCAC-3’ and 5’-AAACGTGGAGCTCTGCAGGCTGGTC-3’ (22) by utilizing the lentiCRISPR v2 plasmid system. lentiCRISPR v2 was a gift from Feng Zhang (Addgene plasmid #52961; <http://n2t.net/addgene:52961>; RRID : Addgene\_52961)”.

The authors apologize for this error and state that this does not change the scientific conclusions of the article in any way. The original article has been updated.
