pattern analyses of Vδ2⁺ TCRs reveal
that shared “public” Vδ2⁺ γδ T cell
clones are a consequence of
rearrangement bias and a higher
expansion status.

In the published article, the name of the proofreading editor was incorrectly spelled in the **Acknowledgements** section as “Ms. Alexandra Mores”. It should be “Ms. Alexandra Morse”.

The full correct **Acknowledgements** appears below:

“We thank Ms. Alexandra Morse for proofreading this manuscript. We would like to acknowledge the assistance of the Cell Sorting Core Facility at the Hannover Medical School supported in part by Deutsche Forschungsgemeinschaft and the IT department at Center for Molecular Neurobiology Hamburg, University Medical Center Hamburg-Eppendorf”.

The authors apologize for this error and state that this does not change the scientific conclusions of the article in any way. The original article has been updated.
