In the published article, there was an error. Instead of “exosomes”, it should be “neutrophil extracellular traps (NETs)”.

A correction has been made to **Abstract, Introduction**.

This sentence previously stated:

“Recent studies have shown much progress in the research of exosomes in AIDs. However, there is no bibliometric analysis in this research field. This study aimed to provide a bibliometrics review of the knowledge structure and research hotspots of neutrophil extracellular traps (NETs) in autoimmune diseases (AIDs).”

The corrected sentence appears below:

“Recent studies have shown much progress in the research of neutrophil extracellular traps (NETs) in autoimmune diseases (AIDs). However, there is no bibliometric analysis in this research field. This study aimed to provide a bibliometrics review of the knowledge structure and research hotspots of NETs in AIDs.”

The authors apologize for these errors and state that they do not change the scientific conclusions of the article in any way. The original article has been updated.
