Due to a production error, the **Author Contributions** statement was not updated to accurately reflect the contributions of the newly added authors PP, GA, JG-A and ME. The correct **Author Contributions** statement appears below.

Author contributions

“BA, JL and PS conceived and designed experiments. BA, MR, NC, LS, JE, PP, GA and JG-A performed the *in silico*, *in vitro* and *in vivo* studies. BA, PP, GA, JG-A, ME, JL and PS analyzed data and contributed to their interpretation. JL and PS supervised the project. ME, JG-A, JL and PS received funding. All authors reviewed the manuscript, approved the final version to be published and agreed to be accountable for all aspects of the work in ensuring that questions related to the accuracy or integrity of any part of the work are appropriately investigated and resolved.”
