KEYWORDS

immune-mediated necrotizing myopathy (IMNM), cardiac involvement, anti-SRP antibody, anti-HMGCR antibody, muscle biopsy

A Corrigendum on

Characteristics of cardiac involvement in immune-mediated necrotizing myopathy

By Liu M, Lin Y, Qiao L, Chen J and Shi Q (2023). *Front. Immunol.* 14:1094611. doi: 10.3389/fimmu.2023.1094611

In the published article, there was an error in the **Funding** statement. The original funded project “the National Natural Science Foundation of China (No.81771358)” was mistaken as an ongoing project. Currently the former funded project “the National Natural Science Foundation of China (No.81771358)” had been concluded and should not have appeared in the **Funding** section. The correct **Funding** statement appears below.

Funding

This work was supported by the military training injury prevention research mission (No.21XLS28).

The authors apologize for this error and state that this does not change the scientific conclusions of the article in any way. The original article has been updated.
