Retraction: Harnessing TRAIL- induced apoptosis pathway for cancer immunotherapy and associated challenges

Frontiers Editorial Office*

A Retraction of the Review Article:

Harnessing TRAIL-induced apoptosis pathway for cancer immuno- therapy and associated challenges

By Razeghian E, Suksatan W, Sulaiman Rahman H, Bokov DO, Abdelbasset WK, Hassanzadeh A, Marofi F, Yazdanifar M and Jarahian M (2021) *Front. Immunol.* 12:699746. doi: 10.3389/fimmu.2021.699746

The journal retracts the 2021 article cited above.

Following publication, concerns were raised regarding the contributions of the authors of the article. Our investigation, conducted in accordance with Frontiers policies, confirmed a serious breach of our authorship policies and of publication ethics; the article is therefore retracted.

This retraction was approved by the Chief Editors of Frontiers in Immunology and the Chief Executive Editor of Frontiers. The authors do not agree to this retraction.
