## KEYWORDS

hGBM, GBM - multiforme, humanized mice, BLT humanized mice, flow cytometry, multiplex immunofluorescence staining

## A Corrigendum on

### Establishment and immune phenotyping of patient-derived glioblastoma models in humanized mice

By Liu L, van Schaik TA, Chen K-S, Rossignoli F, Borges P, Vrbanac V, Wakimoto H and Shah K (2024). *Front. Immunol.* 14:1324618. doi: 10.3389/fimmu.2023.1324618

In the published article, there was an error in the Supplementary Figure 1 as published. While compiling the images for one of the panels, the same mouse image was erroneously used twice in the GBM18 group. The corrected images are now presented in the corrected Supplementary Figure 1.

The authors apologize for this error and state that this does not change the scientific conclusions of the article in any way. The original article has been updated.
