## KEYWORDS

immunomodulatory mechanism, acupuncture treatment, ischemic stroke, research progress, future direction, prospects

## A Corrigendum on

**The immunomodulatory mechanism of acupuncture treatment for ischemic stroke: research progress, prospects, and future direction**

By Kuang H, Zhu X, Chen H, Tang H and Zhao H (2024). *Front. Immunol.* 15:1319863. doi: 10.3389/fimmu.2024.1319863

In the published article, there was an error in affiliation 1. Instead of “1 Department of Acupuncture and Moxibustion, Shenzhen Luohu Hospital of Traditional Chinese Medicine (Shenzhen Hospital of Shanghai University of Traditional Chinese Medicine), Shenzhen, China”, it should be split into two separate affiliations “1 Department of Acupuncture and Moxibustion, Shanghai University of Traditional Chinese Medicine, Shenzhen Hospital, Shenzhen, China” and “2 Department of Acupuncture and Moxibustion, Luohu District Hospital of Traditional Chinese Medicine, Shenzhen, China”. Besides, the affiliation of Hong Zhao should only be “2 Department of Acupuncture and Moxibustion, Luohu District Hospital of Traditional Chinese Medicine, Shenzhen, China”.

The authors apologize for this error and state that this does not change the scientific conclusions of the article in any way. The original article has been updated.
