In the published article, there was an error in the **Data availability statement**. The wrong accession number was given in the **Data availability statement**: “The raw datasets generated in this study are deposited in the NCBI Transcriptome Shotgun Annotation (TSA) repository under the accession number PRJNA226980.”

The correct **Data availability statement** appears below.

“The raw datasets generated in this study are deposited in the NCBI Transcriptome Shotgun Annotation (TSA) repository under the accession number PRJNA1017904 (<https://www.ncbi.nlm.nih.gov/bioproject/?term=PRJNA1017904>).”

The authors apologize for this error and state that this does not change the scientific conclusions of the article in any way. The original article has been updated.
