KEYWORDS

pyroglutamyl aminopeptidase 1 (PGP-1), inflammation, biomarker, anti-inflammatory therapy, cancer

A Corrigendum on

**Pyroglutamyl aminopeptidase 1 is a potential molecular target toward
diagnosing and treating inflammation**

By Jiang H, Gong Q and Zhang R (2023). *Front. Immunol.* 14:1301539. doi: 10.3389/fimmu.2023.1301539

In the published article, there was an error in the **Funding** statement. The **Funding** statement for the Natural Science Foundation of Shandong Province (ZR2021QH212) is wrong. The correct statement is “Shandong Postdoctoral Science Foundation (SDCX-ZG-202203015). The correct **Funding** statement appears below.

“The author(s) declare financial support was received for the research, authorship, and/or publication of this article. This research received funding supporting from the Shandong Postdoctoral Science Foundation (SDCX-ZG-202203015) and the Key Research and Development Project of Shaanxi Province (2023-YBSF-292).”

The authors apologize for this error and state that this does not change the scientific conclusions of the article in any way. The original article has been updated.
