KEYWORDS

survey, biodiversity, infauna, epifauna, invasive species, mussels, oysters, functional groups

A Corrigendum on

[Estimating and scaling-up biomass and abundance of epi- and infaunal bivalves in a Swedish archipelago region: implications for ecological functions and ecosystem services](#)

By Greeve Y, Bergström P, Strand Å and Lindegarth M (2023) *Front. Mar. Sci.* 10:1105999. doi: 10.3389/fmars.2023.1105999

In the published article, there was an error in [Figure 4](#) as published. Panel B is identical to panel A, and the correct graph is not shown. The corrected [Figure 4](#) and its caption appear below.

The authors apologize for this error and state that this does not change the scientific conclusions of the article in any way. The original article has been updated.
