# Corrigendum: Ocular effects caused by viral infections and corresponding vaccines: An overview of varicella zoster virus, measles virus, influenza viruses, hepatitis B virus, and SARS-CoV-2

Simona Scalabrin, Alice Becco, Alessio Vitale and  
Raffaele Nuzzi\*

Department of Surgical Sciences, Eye Clinic, University of Turin, Turin, Italy

## KEYWORDS

virus infection, vaccine, ocular effects, varicella zoster virus, measles virus, influenza viruses, hepatitis B virus, SARS-CoV-2

## A corrigendum on

Ocular effects caused by viral infections and corresponding vaccines: An overview of varicella zoster virus, measles virus, influenza viruses, hepatitis B virus, and SARS-CoV-2

by Scalabrin, S., Becco, A., Vitale, A., and Nuzzi, R. (2022). *Front. Med.* 9:999251. doi: 10.3389/fmed.2022.999251

In the published article, there was an error in the article title. Instead of “Ocular effects caused by viral infections and corresponding vaccines: An overview of varicella zoster virus, measles virus, influenza viruses, hepatitis B viruses, and SARS-CoV-2,” it should be “Ocular effects caused by viral infections and corresponding vaccines: An overview of varicella zoster virus, measles virus, influenza viruses, hepatitis B virus, and SARS-CoV-2.”

In the published article, there was an error. [Keywords: hepatitis B viruses].

A correction has been made to [Keywords]. This sentence previously stated:

“virus infection, vaccine, ocular effects, varicella zoster virus, measles virus, influenza viruses, hepatitis B viruses, SARS-CoV-2.”

The corrected sentence appears below:

“virus infection, vaccine, ocular effects, varicella zoster virus, measles virus, influenza viruses, hepatitis B virus, SARS-CoV-2.”

The authors apologize for this error and state that this does not change the scientific conclusions of the article in any way. The original article has been updated.
