A corrigendum on

Mutations in *FIGLA* associated with premature ovarian insufficiency in a Chinese population

by Mei, L., Huang, Y., Wu, X., He, H., Ye, R., Ma, J., He, X., Shi, Y., and Li, P. (2021). *Front. Med.* 8:714306. doi: 10.3389/fmed.2021.714306

In the original article, there was an error in the sentence “In the present study, we screened 113 Han Chinese patients with POI through whole-exome sequencing and found three heterozygous missense mutations in *FIGLA* associated with follicle formation.”

The correction has been made to the **DISCUSSION** section, and the corrected sentence appears below:

“In the present study, we screened 113 Han Chinese patients with POI through Sanger sequencing and found three heterozygous missense mutations in *FIGLA* associated with follicle formation.”

In the original article, there was an error in the sentence “This study included 100 patients with POI who were recruited from the Department of Reproductive Medicine, Women and Children's Hospital, Xiamen University (Xiamen, China).”

The correction has been made to the **MATERIALS AND METHODS** section, “Participants” sub section and the corrected sentence appears below:

“This study included 113 patients with POI who were recruited from the Department of Reproductive Medicine, Women and Children’s Hospital, Xiamen University (Xiamen, China).”

The authors apologize for this error and state that this does not change the scientific conclusions of the article in any way. The original article has been updated.
