A corrigendum on

[Effects and potential mechanisms of exercise and physical activity on eye health and ocular diseases](#)

by Zhang, Q., Jiang, Y., Deng, C., and Wang, J. (2024). *Front. Med.* 11:1353624.
doi: 10.3389/fmed.2024.1353624

In the published article, there was an error in the legends for Figures 1–6 as published. The relevant citation “created with [Biorender.com](https://biorender.com)” was missing. The corrected legends appear below.

Figure 1. Type, intensity and recommended amount of exercise and physical activity (created with [Biorender.com](https://biorender.com)).

Figure 2. Schematic representation of the impact and potential mechanisms of exercise and physical activity on DED (created with [Biorender.com](https://biorender.com)).

Figure 3. Schematic representation of the impact and potential mechanisms of exercise and physical activity on myopia (created with [Biorender.com](https://biorender.com)).

Figure 4. Schematic representation of the impact and potential mechanisms of exercise and physical activity on cataract (created with [Biorender.com](https://biorender.com)).

Figure 5. Schematic representation of the impact and potential mechanisms of exercise and physical activity on glaucoma (created with [Biorender.com](https://biorender.com)).

Figure 6. Schematic representation of the impact and potential mechanisms of exercise and physical activity on DR and AMD (created with [Biorender.com](https://biorender.com)).

The authors apologize for this error and state that this does not change the scientific conclusions of the article in any way. The original article has been updated.
