acupuncture, neural circuit mechanisms, pain, Parkinson's disease, addictive disorders, cognitive disorders, gastrointestinal disorders, review

# A Corrigendum on

Neural circuit mechanisms of acupuncture effect: where are we now?

by Wang, X., Wang, J., Han, R., Yu, C., and Shen, F. (2024). *Front. Neurol.* 15:1399925. doi: 10.3389/fneur.2024.1399925

In the published article, there was an error in the Funding statement.

The statement was previously written as, "This work was funded by Shenzhen Science and Technology Program (No. 2021- 22154); National Natural Science Foundation of China (No. 82205271); Key Chinese Medicine Project supported by Hubei Provincial Natural Science Foundation (2023AFD113); Chinese Medicine Research Project supported by Hubei Administration of Traditional Chinese Medicine, China (No. ZY2023F138)," with the project number stated for 'Shenzhen Science and Technology Program' given incorrectly as '(No. 2021- 22154)'. The correct Funding statement appears below.

# Funding

The author(s) declare that financial support was received for the research, authorship, and/or publication of this article. This work was funded by Shenzhen Science and Technology Program (No. JCYJ20210324111609024); National Natural Science Foundation of China (No. 82205271); Key Chinese Medicine Project supported by Hubei Provincial Natural Science Foundation (2023AFD113); Chinese Medicine Research Project supported by Hubei Administration of Traditional Chinese Medicine, China (No. ZY2023F138).

The authors apologize for this error and state that this does not change the scientific conclusions of the article in any way. The original article has been updated.
