A Corrigendum on

Integrated Myofibrillar Protein Synthesis in Recovery From Unaccustomed and Accustomed Resistance Exercise With and Without Multi-ingredient Supplementation in Overweight Older Men

by Bell, K. E., Brook, M. S., Snijders, T., Kumbhare, D., Parise, G., Smith, K., et al. (2019). *Front. Nutr.* 6:40. doi: 10.3389/fnut.2019.00040

In the original article, there was an error in Conflict of Interest Statement. The updated statement appears below.

The authors apologize for this error and state that this does not change the scientific conclusions of the article in any way. The original article has been updated.

CONFLICT OF INTEREST STATEMENT

SP is listed as an inventor on patent (Canadian) 3052324 issued to Exerkine, and a patent (US) 16/182891 pending to Exerkine (but reports no financial gains). SP reports personal fees from Enhanced Recovery (donated to charity), equity from Exerkine (all proceeds donated to charity), outside the submitted work.

The remaining authors declare that the research was conducted in the absence of any commercial or financial relationships that could be construed as a potential conflict of interest.
