street food, ready-to-eat food, purchasing patterns, food choice, nutritional value, Central Asia, low- and middle-income countries, nutrition transition

A corrigendum on

Patterns of street food purchase in cities from Central Asia

by Sousa, S., Lança de Morais, I., Albuquerque, G., Gelormini, M., Casal, S., Pinho, O., Motta, C., Damasceno, A., Moreira, P., Breda, J., Lunet, N., and Padrão, P. (2022). *Front. Nutr.* 9:925771. doi: 10.3389/fnut.2022.925771

In the published article, there was an error in [Figure 5](#) as published. The legend for the red bars was “Industrial only” and the legend for the green bars was “Homemade and industrial”. However, these legends were mistakenly switched. As such, the correct legend for the red bars is “Homemade and industrial” and the correct legend for the green bars is “Industrial only”. The corrected [Figure 5](#) and its caption appear below.

The authors apologize for this error and state that this does not change the scientific conclusions of the article in any way. The original article has been updated.
