anorexia nervosa, duration of illness, clinical impairment, severe-enduring criteria, staging

A corrigendum on

Severe and enduring' stage in anorexia nervosa: comparing eating attitudes, impairment and associated psychopathology

by Ramos, R., Vaz, A., Rodrigues, T. F., Pinto-Bastos, A., Brandão, I., Neves, A., Conceição, E., and Machado, P. P. P. (2022). *Front. Nutr.* 9:867401. doi: 10.3389/fnut.2022.867401

In the published article, there was an error in the Funding statement. The funding statement for Eva Conceição was incorrectly displayed as "IF/01219/2014". The correct Funding statement appears below.

Funding

This work was conducted at the Psychology Research Center (PSI/01662), School of Psychology, University of Minho, and partially supported by the Portuguese Foundation for Science and Technology and the Portuguese Ministry of Science, Technology and Higher Education (UID/PSI/01662/2019), through the national funds (PIDDAC), and a grant by the Portuguese Foundation for Science and Technology and the Portuguese Ministry of Science, Technology and Higher Education through national funds and co-financed by FEDER through COMPETE2020 under the PT2020 Partnership Agreement (POCI-01-0145-FEDER-028145) to PM. EC was financed through grants 2020.01538.CEECIND and PTDC/PSI-GER/28209/2017. The funding body had no role in the design, collection, analysis, and interpretation of data; the writing of the manuscript; or the decision to submit the manuscript for publication.

The authors apologize for this error and state that this does not change the scientific conclusions of the article in any way. The original article has been updated.
