KEYWORDS

neurofibromatosis type 2 (NF2), vestibular schwannoma (acoustic neuroma), stereotactic radiosurgery (SRS), tumor control, hearing preservation

A Corrigendum on

Vestibular schwannoma associated with neurofibromatosis type 2: Clinical course following stereotactic radiosurgery

by Kim J, Byeon Y, Song SW, Cho YH, Hong C-K, Hong SH, Kim JH, Lee DH, Park JE, Kim HS and Kim Y-H (2022) *Front. Oncol.* 12:996186. doi: 10.3389/fonc.2022.996186

In the published article, there was a misprint in affiliations. Instead of “Department of Neurosurgery, Asan Medical Center, Seoul, South Korea” it should be “Department of Neurological Surgery, Asan Medical Center, University of Ulsan College of Medicine, Seoul, South Korea”. Additionally, instead of “Department of Radiology, Asan Medical Center, Seoul, South Korea” it should be “Department of Radiology, Asan Medical Center, University of Ulsan College of Medicine, Seoul, South Korea”.

The authors apologize for this error and state that this does not change the scientific conclusions of the article in any way. The original article has been updated.
