Keywords: esophageal squamous cell carcinoma (ESCC), cancer stem cells (CSCs), CXCR4, chloroquine (CQ), STAT3

A Corrigendum on:

Chloroquine Inhibits Stemness of Esophageal Squamous Cell Carcinoma Cells Through Targeting CXCR4-STAT3 Pathway

By Yue D, Zhang D, Shi X, Liu S, Li A, Wang D, Qin G, Ping Y, Qiao Y, Chen X, Wang F, Chen R, Zhao S, Wang L and Zhang Y (2020). *Front. Oncol.* 10:311. doi: 10.3389/fonc.2020.00311.

In the original article, there was a mistake in **Figures 3C** and **5B** as published. In **Figure 3C**, the representative image of the purity of the two sorted CXCR4 positive/negative subpopulations was inadvertently presented with an incorrect picture. In **Figure 5B**, incorrect image of western result of t-stat3 and p-stat3 were imported by mistake. The corrected **Figures 3** and **5** appears below.

The authors apologize for these errors and state that this does not change the scientific conclusions of the article in any way. The original article has been updated.
