Retraction: New insights into molecular signalling pathways and current advancements in prostate cancer diagnostics and therapeutics

Frontiers Editorial Office*

A Retraction of the Review Article

[New insights into molecular signalling pathways and current advancements in prostate cancer diagnostics and therapeutics](#)

by Thakur N, Quazi S, Naik B, Jha SK and Singh P (2023) *Front. Oncol.* 13:1193736.
doi: 10.3389/fonc.2023.1193736

Following publication, concerns were raised regarding the contribution of the authors of this article. Our investigation, conducted in accordance with Frontiers policies, confirmed a serious breach of our authorship policies and of publication ethics; the article is therefore retracted.

The retraction was approved by the Chief Editors of Oncology and the Chief Executive Editor of Frontiers. The authors do not agree to this retraction.
