low-grade gliomas, bevacizumab, irinotecan, pilocytic astrocytoma, case report

A Corrigendum on

[Bevacizumab-Irinotecan combination therapy in recurrent low-grade glioma, previously treated with chemo-radiotherapy: a case report.](#)

By Castelli B, Fonte C, Guidi M, Tellini M, Di Nicola M, Iacono A, Buccoliero AM, Greto D, Genitori L and Sardi I (2023) *Front. Oncol.* 13:1244628. doi: 10.3389/fonc.2023.1244628

In the published article, there was an error in affiliations **2,3,4,6**. Instead of “**Meyer Children's Hospital Scientific Institute for Research, Hospitalization and Healthcare (IRCCS)**,” it should be “**Meyer Children's Hospital IRCCS**.”

The authors apologize for this error and state that this does not change the scientific conclusions of the article in any way. The original article has been updated.
