## KEYWORDS

prostate cancer, oligometastasis, local therapy, radiotherapy, prostatectomy

## A Corrigendum on:

**Radical prostatectomy versus radiotherapy as local therapy for primary tumors in patients with oligometastatic prostate cancer**

By Ham WS, Park JS, Jang WS and Kim J (2024). *Front. Oncol.* 14:1368926. doi: 10.3389/fonc.2024.1368926

In the published article, there was an error in the Funding statement. Instead of “faculty research grant from Yonsei University College of Medicine (6-2021-0106)” it should be “new faculty research seed money grant of Yonsei University College of Medicine for 2023 (2023-32-0061)”. The correct Funding statement appears below.

## Funding

The author(s) declare that financial support was received for the research, authorship, and/or publication of this article. This work was supported by a grant from the Korea Health Technology R&D Project through the Korea Health Industry Development Institute (KHIDI), funded by the Ministry of Health & Welfare, Republic of Korea [grant number: HI17C1095]; a National Research Foundation of Korea (NRF) grant funded by the Korean government (MSIT) [grant numbers: 2019R1A2C1002863 and 2022R1A2C2003831]; new faculty research seed money grant of Yonsei University College of Medicine for 2023 (2023-32-0061). The authors apologize for this error and state that this does not change the scientific conclusions of the article in any way. The original article has been updated.
