Text Correction

In the published article, there was an error. A parenthetical reference to one of the results is incorrect.

A correction has been made to **Results**, Table 2, Paragraph 1. This sentence previously stated:

“Although non-Hispanic white children saw the largest increase in newly bereaved children in 2020 (42,443), the findings are more nuanced.”

The corrected sentence appears below:

“Although non-Hispanic white children saw the largest increase in newly bereaved children in 2020 (22,973), the findings are more nuanced.”

The authors apologize for this error and state that this does not change the scientific conclusions of the article in any way. The original article has been updated.
