## KEYWORDS

cannabidiol, estrogen deficiency, inflammation, osteoporosis, gut microbiota, bile acids

## A Corrigendum on Cannabidiol-treated ovariectomized mice show improved glucose, energy, and bone metabolism with a bloom in *Lactobacillus*

by Sui, K., Tveter, K. M., Bawagan, F. G., Buckendahl, P., Martinez, S. A., Jaffri, Z. H., MacDonell, A. T., Wu, Y., Duran, R. M., Shapses, S. A., and Roopchand, D. E. (2022). *Front. Pharmacol.* 13: 900667. doi: 10.3389/fphar.2022.900667

In the published article, there was an error in **affiliation 3**. Instead of “Department of Nutritional Sciences, NJ Institute for Food Nutrition and Health (Center for Human Health and Performance), Rutgers, The State University of New Jersey, New Brunswick, NJ, United States”, it should be “Department of Nutritional Sciences, NJ Institute for Food Nutrition and Health, Rutgers, The State University of New Jersey, and the Department of Medicine, Rutgers-RWJ Medical School, New Brunswick, NJ, United States”.

The authors apologize for this error and state that this does not change the scientific conclusions of the article in any way. The original article has been updated.
