Xiao-Li Xie, Jie Wu, Zhong-Yue Li, and Zhi-Gang He were not cited as co-first authors in the published article. The author information has been corrected to denote that Xiao-Li Xie, Jie Wu, Zhong-Yue Li, and Zhi-Gang He contributed equally to the article and share first authorship. Additionally, the **Author Contributions** section has been revised to reflect this amendment. The revised **Author Contributions** statement appears below.

AUTHOR CONTRIBUTIONS

The study conception and design were performed by YY, X-LX, JW, Z-YL, and Z-GH. All authors contributed to material preparation, data collection and analysis. The first draft of the manuscript

was written by YY and all authors commented on previous versions of the manuscript. Writing - review and editing, supervision and project administration were performed by C-DX. All authors read and approved the final manuscript.

The authors apologize for this error and state that this does not change the scientific conclusions of the article in any way.
