cell motility, cell polarity, reaction-diffusion models, cell-cell interactions, phase field model, collective motion, active matter

An Erratum on

From single to collective motion of social amoebae: A computational study of interacting cells

by Moreno E, Großmann R, Beta C and Alonso S (2022). *Front. Phys.* 9:750187. doi: [10.3389/fphy.2021.750187](https://doi.org/10.3389/fphy.2021.750187)

Due to a production error, the funder CONACYT to CB was erroneously omitted. The funder Deutsche Forschungsgemeinschaft (DFG), Project-ID 318763901—SFB1294 project B02, to CB and RG was erroneously omitted.

The updated funding statement can be found below:

“SA and EM thank grant PGC2018-095456-B-I00 funded by MCIN/AEI/10.13039/501100011033 and by “ERDF A way of making Europe”, by the European Union. EM also acknowledges financial support from CONACYT. CB and RG acknowledge financial support by the Deutsche Forschungsgemeinschaft (DFG)—Project-ID 318763901—SFB1294, project B02.”

The publisher apologizes for this mistake. The original version of this article has been updated.
