A Retraction of the Original Research Article

Sanhua decoction, a classic herbal prescription, exerts neuroprotection through regulating phosphorylated tau level and promoting adult endogenous neurogenesis after cerebral ischemia/reperfusion injury

by Fu D-L, Li J-H, Shi Y-H, Zhang X-L, Lin Y and Zheng G-Q (2020). *Front. Physiol.* 11:57. doi: 10.3389/fphys.2020.00057

The journal retracts the 11 February 2020 article cited above. Following publication, concerns were raised regarding the integrity of the images in the published figures. The authors failed to provide a satisfactory explanation during the investigation, which was conducted in accordance with Frontiers' policies. As a result, the data and conclusions of the article have been deemed unreliable and the article has been retracted.

This retraction was approved by the Chief Executive Editor of Frontiers. The authors received a communication regarding the retraction and had a chance to respond. This communication has been recorded by the publisher.
