SPECIALTY SECTION
This article was submitted to
Technical Advances in Plant Science,
a section of the journal
Frontiers in Plant Science

RECEIVED 15 December 2022
ACCEPTED 16 December 2022
PUBLISHED 09 January 2023

CITATION
Bandara CD, Schmidt M,
Davoudpour Y, Stryhanyuk H,
Richnow HH and Musat N (2023)
Corrigendum: Microbial identification,
high-resolution microscopy and
spectrometry of the rhizosphere in its
native spatial context.
Front. Plant Sci. 13:1125001.

KEYWORDS

CARD-FISH, correlative chemical microscopy, helium ion microscopy, London resin white embedding, rhizosphere, secondary ion mass spectrometry, soil bacteria, water-jet cutting

Corrigendum on

Microbial identification, high-resolution microscopy and spectrometry of the rhizosphere in its native spatial context.

Front. Plant Sci. 12:668929. doi: 10.3389/fpls.2021.668929

In the published article the Funding Statement was missing. The Funding Statement appears below.

Funding

This work was conducted within the framework of the priority program SPP 2089: “Rhizosphere spatiotemporal organization—a key to rhizosphere functions” funded by the Deutsche Forschungsgemeinschaft (DFG, German Research Foundation) – Projektnummer 403641683 (RI-903/7-1). Research work of YD was supported by Deutsche Forschungsgemeinschaft Integration of Refugee Scientists and Academics. Open access was supported by UFZ library.

The authors apologize for this error and state that this does not change the scientific conclusions of the article in any way. The original article has been updated.
