A Corrigendum on

Nerve Growth Factor Serum Levels Are Associated With Regional Gray Matter Volume Differences in Schizophrenia Patients

by Neugebauer K, Hammans C, Wensing T, Kumar V, Grodd W, Mevissen L, Sternkopf MA, Novakovic A, Abel T, Habel U and Nickl-Jockschat T (2019). *Front. Psychiatry*. 10:275. doi: 10.3389/fpsy.2019.00275

In the original article, there was an error. The **Author Contributions** statement misrepresents the contributions of TN-J, KN, TW, TA, WG, and UH.

A correction has been made to **Author Contributions**:

“TN-J contributed to the conception and design of the study, and supervised data acquisition, analysis, and interpretation, as well as manuscript proofreading. LM, MS, and AN conducted informed consent. WG arranged MRI settings. KN, TW, and VK performed analysis of the MRI data. KN contributed to data acquisition, analysis, interpretation, and wrote the manuscript. CH contributed to data acquisition. TW, TA, WG, and UH contributed to manuscript proofreading.”

The authors apologize for this error and state that this does not change the scientific conclusions of the article in any way. The original article has been updated.
