A Corrigendum on

Exploring Physiological Linkage in Same-Sex Male Couples

by Li, X., Kuelz, A., Boyd, S., August, K., Markey, C., and Butler, E. (2021). *Front. Psychol.* 11:619255. doi: 10.3389/fpsyg.2020.619255

In the original article, there was a mistake in the Figures as published. We accidentally deleted an important figure during the revision and resubmission process and did not catch this issue when proofreading. The correct **Figure 1** appears below, which displays the predicted IBI trajectories for the two profiles we identified using person-centered analyses. The original Figures 1, 2, 3 and 4 should be regarded as Figures 2, 3, 4, and 5, respectively.

The authors apologize for this error and state that this does not change the scientific conclusions of the article in any way.
