Retraction: An empirical analysis of the impact of higher education on economic growth: the case of China

Frontiers Editorial Office*

A Retraction of the Original Research Article

An empirical analysis of the impact of higher education on economic growth: the case of China

by Qi, D., Ali, A., Li, T., Chen, Y.-C., and Tan, J. (2022). *Front. Psychol.* 13:959026. doi: 10.3389/fpsyg.2022.959026

The journal retracts the 2022 article cited above.

Following publication, concerns were raised regarding the contributions of the authors of the article. Our investigation, conducted in accordance with Frontiers policies, confirmed a serious breach of our authorship policies and of publication ethics; the article is therefore retracted.

This retraction was approved by the Chief Editors of Frontiers in Psychology and the Chief Executive Editor of Frontiers. The authors have not responded to correspondence regarding this retraction.
