depression, anxiety, alcohol, tobacco, food consumer behavior

A corrigendum on

Effects of the COVID-19 pandemic on Czech citizens: how do depression and anxiety symptoms influence cognitive, behavioral, and emotional changes?

by Hajkova, D., Sandora, J., Žídková, R., Malinakova, K., and Novak, L. (2023). *Front. Psychol.* 14:1204824. doi: 10.3389/fpsyg.2023.1204824

In the published article, the Funding information was omitted. The correct Funding statement is shown below.

Funding

This study is supported by the student grant “Selected psychological, social and moral aspects of the COVID-19 pandemic and their consequences on health (grant number DSGC-2021-0122)” funded through the OP RDE project “Improving schematics of Doctoral student grant competition and their pilot implementation,” Reg. No. CZ.02.2.69/0.0/0.0/19_073/0016713 and by the Sts Cyril and Methodius Faculty of Theology of Palacký University Olomouc, internal projects Social and Psychological Determinants of Health (grant numbers IGA-CMTF-2022-001 and IGA-CMTF_2023_001).

In addition, there was an error in the affiliation of Radka Žídková as published. Instead of “Department of Community and Occupational Medicine, University Medical Center Groningen, University of Groningen, Groningen, Netherlands” it should be “Olomouc University Social Health Institute, Palacký University in Olomouc, Olomouc, Czechia”. The affiliations have now been updated.

The authors apologize for these errors and state that this does not change the scientific conclusions of the article in any way. The original article has been updated.
