## KEYWORDS

Chinese adolescents, physical activity habit, family environment, scale development, factor analysis

## A Corrigendum on

### Development and validation of the Chinese family environment influencing physical activity habits scale

by Zhang, X., Yan, J., Zhu, W., and Fu, X. (2024). *Front. Psychol.* 14:1243658.  
doi: 10.3389/fpsyg.2023.1243658

In the published article, there was an error in the Funding statement. The statement was previously written as, “This study was funded by the 2023 Youth Fund for Humanities and Social Science Research of the Ministry of Education, research title: “Model Construction and Empirical Research on Influencing Factors of physical Activity Habit Formation of Chinese Adolescents” (Project No. 23XJC890048)”, with the project number incorrectly written as “23XJC890048”. The correct Funding statement appears below.

## Funding

This study was funded by the 2023 Youth Fund for Humanities and Social Science Research of the Ministry of Education, research title: “Model Construction and Empirical Research on Influencing Factors of physical Activity Habit Formation of Chinese Adolescents” (Project No. 23YJC890048).

The authors apologize for this error and state that this does not change the scientific conclusions of the article in any way. The original article has been updated.
