## A Corrigendum on

**Implications of COVID-19 Vaccine Hesitancy: Results of Online Bulletin Board Interviews**  
by Gorman, J. M., Gorman, S. E., Sandy, W., Gregorian, N., and Scales, D. A. (2022). *Front. Public Health* 9:757283. doi: 10.3389/fpubh.2021.757283

In the original article, we neglected to include the funder the Cornell Center for Social Science, which provided support to change the focus groups to online bulletin boards after the onset of the COVID-19 pandemic.

In the published article, there was an error regarding the affiliations for Jack M. Gorman, Sara E. Gorman, William Sandy, Nellie Gregorian and David Scales. While the first four authors were incorrectly listed as affiliated with Weill Cornell, the last author should also have Critica as an affiliation.

The authors apologize for these errors and state that they do not change the scientific conclusions of the article in any way. The original article has been updated.
