Due to a production error, the funder University of Bern was erroneously omitted. Statement to be added, “Open access funding by University of Bern.” The corrected Funding statement appears below:

“Data collection and publication was supported financially by the canton of Aargau. Internal funding of research time. JJ work in tobacco prevention is funded by a career development award (CDA) funded by Swiss Academy of Medical Sciences (SAMS) (YTTCR-34/19). Open access funding by University of Bern.”

The publisher apologizes for this mistake. The original article has been updated.
