In the published article, there was an error in the Funding statement. The funding statement for this project was:

“This project was supported by the Centers for Disease Control and Prevention of the U.S. Department of Health and Human Services (HHS) as part of a financial assistance award totaling \$3.8 million with 100 percent funded by CDC/HHS. The contents are those of the author(s) and do not necessarily represent the official views of, nor an endorsement, by Texas DSHS, CDC/HHS, or the U.S. Government. This project was also provided by the Southwest Center for Occupational and Environmental Health (SWCOEH), a NIOSH Education and Research Center, and awardee of (Grant No. 5T42) H008421 from the National Institute for Occupational Safety and Health (NIOSH)/Centers for Disease Control and Prevention.”

The correct Funding statement appears below.

Funding

This manuscript was supported by the Centers for Disease Control and Prevention of the US Department of Health and Human Services (HHS) as part of a financial assistance award totaling \$3.8 million with 100 percent funded by CDC/HHS (project No. HHS001000100001). The contents are those of the author(s) and do not necessarily represent the official views of, nor an endorsement, by Texas DSHS (Department of State Health Services), CDC/HHS, or the US Government. This research was partially funded by the Centers for Disease Control and Prevention/National Institute of Occupational Safety and Health (Award No. T42OH008421) through the Southwest Center for Occupational and Environmental Health (SWCOEH). The content is solely the responsibility of the authors and does not necessarily

represent the official views of the Centers for Disease Control and Prevention/National Institute of Occupational Safety and Health.

The authors apologize for this error and state that this does not change the scientific conclusions of the article in any way. The original article has been updated.
