## A corrigendum on

[Biodisinfestation with agricultural by-products developed long-term suppressive soils against \*Meloidogyne incognita\* in lettuce crop](#)

by Gandariasbeitia, M., López-Pérez, J. A., Juaristi, B., Abaunza, L., and Larregla, S. (2021). *Front. Sustain. Food Syst.* 5:663248. doi: 10.3389/fsufs.2021.663248

In the published article, there was an error in [Table 1](#) as published. There was a mis-transcription of RC and BB values (OM, N tot, C org, C/N). CFM was also incorrectly written as FCM. The corrected [Table 1](#) and its caption appear below.

The authors apologize for this error and state that this does not change the scientific conclusions of the article in any way. The original article has been updated.
